

Local Implementation Team (LIT)

Leaf decision- operational and task related documents within job scope.

Full Decision Making: LIT chooses a facilitator, completes an ACA and action planning.

Delegated Decision Making: LIT assists with piloting or implementing strategies and reports back to CDSAM.

Some level of Decision Making: LIT develops strategies for implementation of evidenced-based practices and checks in for CDSAM approval.

CDSA Management (CDSAM)

Branch decisions-strategic and operational/departmental

Full Decision-Making: Allocate resources to the project, assign decisions to LIT with regular reporting.

Delegated Decision-Making: CDSAM will decide when and how to implement different strategies for implementation of evidenced based practices with reporting to SIT.

Some level of Decision-Making: CDSAM applies to be a EBP demonstration site of evidenced- based practices and checks in for SIT approval.

State Implementation Team (SIT)

Trunk decisions- strategic decisions that impact other departments and/or Mission, Vision, Goals of SSIP.

Full Decision Making: Coaching Toolkit revisions, developing terms of reference document, making recommendations for tools related to SSIP practices.

Delegated Decision Making: SIT will decide about when and how to implement different strategies for implementation of evidenced based practices with reporting to SMT.

Some level of Decision Making: SIT will make recommendations for funding of specific assessment and screening tools, professional development opportunities and program coaches and check in for SMT approval.

State Management Team (SMT)

Root decision- core decisions that typically are reserved for leader and impact the very nature of SSIP Implementation.

Full Decision Making: Choosing Pilot Sites for SSIP, Professional Development funds ie... FIPP webinar codes, ABC.

Rarely Delegated Decision Making: SMT will review SIT recommendations for funding of specific assessment and screening tools, professional development opportunities and program coaches for final approval.
